

Nemours

Jacksonville

[Nemours Children's Specialty Care, Jacksonville](#) (in San Marco on Children's Way) will reopen for patient appointments on Monday, September 18, following Hurricane Irma. The Fleming Island and Jacksonville South locations reopened on Wednesday.

Patients who were unable to be seen due to the location's closure this week are being rescheduled at satellite locations in [south Jacksonville](#) or [Fleming Island](#). In addition, we are working to accommodate patients as soon as possible once the San Marco location reopens.
