

Nemours Children's Health Upcoming Webinar: Helping Parents Safeguard Their Children During COVID-19

MEDIA ADVISORY for Virtual Event Feb. 3 at 6 pm

WHAT: Join trusted experts from Nemours Children's Health during a free virtual event as they answer questions about the COVID-19 vaccine for children, boosters for older children, what to do if your child is too young to receive the vaccine, and much more.

Our experts will also share the most updated guidance for testing and quarantine, and ways to safeguard the mental health of your children from the impact of the Omicron variant.

WHEN: Thursday, February 3, 2022

6PM EST

WHERE: To attend, advance registration is required – register [here](#). A recording of the event will be available afterwards. Media may ask questions by sending them to: Media@Nemours.org

WHO: Ken Alexander, MD, Division Chief, Infectious Disease Nemours Children's Hospital, Florida

Zachary Radcliff, PhD, Pediatric Psychologist, Nemours Children's Health, Milford, Delaware

About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of nearly 75 primary and specialty care practices. Nemours seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also caring for the health of the whole child beyond medicine. Nemours also powers the world's most-visited website for information on the health of children and teens, Nemours KidsHealth.org.

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves. For more information, visit Nemours.org.
