

Nemours Children's Health Relocates its Winter Haven Primary Care Location to Northgate Shopping Center

ORLANDO, Fla. (Aug. 3, 2026) – Community leaders, city officials, and local residents gathered today for a ribbon cutting to celebrate the new 7,000 square-foot Nemours Children's Health primary care site in Winter Haven. Located at 1380 6th Street Northwest, Suite 6, in the Publix Super Market plaza at Northgate Shopping Center, the new primary care clinic replaces the previous Winter Haven location in Avenue K SE, doubling its size and increasing access to high-quality primary care services for the community.

Winter Haven Ribbon Cutting

“Our new, larger location in Winter Haven offers us an opportunity to expand the high-quality care we provide to children in the area,” said Martha McGill, BSN, MBA, MHA, Central Florida Region President of Nemours Children's Health. “With more space to care for children in what is a convenient location, we are able to elevate pediatric care in the community.”

Services at the new location will include newborn care, well-child and sick-child exams, immunizations and physicals, behavioral evaluations, and more. The new site was designed to provide children and families with a comfortable, welcoming environment. Staffed by a team of skilled pediatric health care professionals dedicated to delivering high-quality patient and family-centered care, the new location will collaborate directly with nearby Nemours Children's Hospital, Florida, to provide comprehensive, personalized care.

Nemours Children's new Winter Haven location will be open Monday through Friday from 8 a.m. to 5 p.m. To schedule an appointment with [Dr. Robin Michelle Warner](#), [Dr. Heather Sammons Whitworth](#) or [Francesca Blanchard, APRN](#), call (863) 401-4921.

About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of 80 primary and specialty care practices. Nemours Children's seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also addressing children's needs well beyond medicine. In producing the highly acclaimed, award-winning pediatric medicine podcast *Well Beyond Medicine*, Nemours underscores that commitment by featuring the people, programs and partnerships addressing Whole Child Health. Nemours Children's also powers the world's most-visited website for information on the health of children and teens, [Nemours KidsHealth.org](#).

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves. For more information, visit [Nemours.org](#).
