Nemours Children's Health Expands its Footprint in Greater Philadelphia Through the Acquisition of Ardmore-Based Primary Care Practice

Madeleine C. Weiser MD & Associates will join Nemours Children's Health and become Nemours Children's Health, Ardmore

WILMINGTON, DEL. (January 19, 2023) – Nemours Children's Health today announced that it has acquired the Ardmore, Pa.-based primary care practice of Madeleine C. Weiser MD & Associates, which officially became Nemours Children's Health, Ardmore on January 1.

The practice's office location will remain at 233 East Lancaster Avenue, Suite 300 in Ardmore with the same hours of operation and continued availability for same-day appointments and, eventually, Saturday visits. All current staff including doctors Weiser, Henci, and Hoffman will remain with the practice for years to come. Patient families will now benefit from several enhancements, including a 24/7 nurse on-call line, after-hours telehealth care, and access to some of the country's most respected pediatric specialists. With a commitment to whole child health, Nemours Children's will bring additional population health support to the Ardmore location, including access to care coordination and social work expertise.

"Nemours Children's Health has been dedicated to serving the patients and families of southeastern Pennsylvania for more than 25 years," said Karen Wilding, Vice President, Chief Value Officer, Nemours Children's Health. "We are thrilled to bring the clinical expertise and experience of doctors Weiser, Hoffman, and Henci into our Primary Care Network. The new Ardmore location illustrates our ongoing commitment to ensure even more children from across the region have access to Nemours Children's resources and high-quality of care."

Dr. Weiser is a pediatrician with more than 44 years of experience and is a former clinical instructor for Thomas Jefferson University Hospital's Department of Pediatrics. She is a graduate of the University of Pennsylvania and attended medical school at the Medical College of Pennsylvania. She has also been a member of Main Line Health for over 40 years.

"I made the decision to join Nemours Children's because they are a trusted, nationally respected non-profit children's health system recognized for their exceptional pediatric health care, research, and education," said Dr. Weiser. "Our practice will become part of a strong primary care network exclusively dedicated to creating the healthiest generations of children."

About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of more than 70 primary and specialty care practices. Nemours Children's seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also caring for the health of the whole child beyond medicine. Nemours Children's also powers the world's most-visited website for information on the health of children and teens, Nemours KidsHealth.org.

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves. For more information, visit Nemours.org.
