

## **White House Conference on Hunger and Nutrition Fact Sheet**

### **Nemours social determinants of health (SDOH) screening tool**

To date, the Nemours SDOH screener has been deployed in:

#### **2021**

- 20 Pediatric Primary Care Sites in Delaware & Pennsylvania
- 34,600 patients/families screened

#### **2022**

- Expanded into 1 Florida Inpatient Unit, and 1 Florida Primary Care to assist in determining workflows for future expansion throughout the Enterprise
- 20, 000 patients/families screened through July 2022

#### **Findings include:**

- 13.5% of screens have at least one identified need
- 35% of those with a need wanted resources

#### **Top 3 needs identified:**

1. Access to reliable and affordable internet
2. Concerns about neighborhood with safety, gun violence, cleanliness, or crime
3. Food Insecurity

### **The Nemours [KidsHealth.org](https://kidshealth.org) site**

Nemours Children's maintains its position as the most-trusted resource for family health information through KidsHeath.org and its strategic provider and payor partnerships worldwide.

#### **2021 Accomplishments:**

- o 325 million page views (including >45 million page views to COVID-19 content)
- o 260 million visitor sessions (#1 site worldwide for children's health information for parents, kids, and teens)
- o 770K referrals to Nemours.org through relevant links and targeted ads
- o 800K KidsHealth patient instructions used by Nemours clinicians
- o 200+ syndicated content partnerships (including nine of the top 10 children's hospitals according to *U.S. News and World Report* 2021-2022)

**The Nemours Better Together Family Café Toolkit** provides resources to support engagement with families about nurturing their children's healthy growth and development. In the initial pilot of the toolkit:

- 33 Participating Family Café early childhood education (ECE) programs
- 52 Number of sessions offered
- 50% Participants were family members
- 34% Staff
- 16% Staff with children at program

- 95% Café participants joined virtually
- 5% In-person

**Healthy Kids Healthy Future Technical Assistance Program** (TAP) promotes healthy eating and physical activity as an essential component of quality childcare.

- From 2018-2021, Nemours and partners reached more than 7,100 child-care sites and 260,000 children.
- 422 ECE programs in communities
- 21,504 children served by programs
- 1,078 ECE professionals trained
