

Opening of Nemours Children's Health, Salisbury, Brings Increased Access to Pediatric Specialty Care Services in Wicomico County

New location will leverage expertise from Nemours Children's Hospital Health and offer seven specialties, with cardiology being the first to begin seeing patients.

SALISBURY, Md. (Sept. 15, 2025) – Children and families in Wicomico County and the surrounding area now have a new, convenient option for their pediatric healthcare needs, with the opening of Nemours Children's Health, Salisbury, a new 4,000-square-foot specialty care location in the heart of the community.

"Ensuring that children have access to high-quality care is critical to the overall health and well-being of any community, and this new specialty care location reflects our commitment to providing world-class care that is convenient to where children live, go to school and play," said Meg Frizzola, DO, Chief Medical Officer for Nemours Children's Health, Delaware Valley.

The state-of-the-art specialty care clinic will offer more than a half-dozen pediatric specialty care services, including cardiology, neurosurgery, otolaryngology, orthopedics, radiology, urology and neurology.

Patient families can now make appointments for cardiac care, with other service lines scheduled to begin seeing patients over the next several months as part of a phased go live.

"Our vision to create the healthiest generations of children challenges us to think broadly about where and how we expand our services to make the greatest impact on the health of children," said Shubhika Srivastava, MD, Chief of Cardiology for Nemours Children's Hospital, Delaware. "Our cardiology team is proud to be the first to provide care in the Salisbury location, and as other services come online, we will together continuously elevate the level of care for families in this community."

Nemours Children's Health, Salisbury, is the organization's first specialty care location in the state of Maryland and will leverage the industry leading expertise and support of Nemours Children's Hospital, Delaware, in Wilmington. The hospital is rated as a top 10 children's hospital in the Mid-Atlantic region, with national rankings in nine specialties, including top 10 rankings in cardiology & heart surgery and orthopedics based on the U.S. News & World Report 2024-2025 Best Children's Hospitals rankings.

" Ensuring that children have access to high-quality care is critical to the overall health and well-being of any community, and this new specialty care location reflects our commitment to providing world-class care that is convenient to where children live, go to school and play. "

About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of more than 70 primary and specialty care practices. Nemours Children's seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also addressing children's needs well beyond medicine. In producing the highly acclaimed, award-winning pediatric medicine podcast Well Beyond Medicine, Nemours underscores that commitment by featuring the people, programs and partnerships addressing whole child health. Nemours Children's also powers the world's most-visited website for information on the health of children and teens, [Nemours KidsHealth.org](https://www.NemoursKidsHealth.org).

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves. For more
