

# Nemours Children's Hospital, Florida, Holds Virtual Toy Drive for the Holidays

Orlando, Fla. (November 21, 2022) For those who want to make a difference this holiday season for a child who is ill, Nemours Children's Hospital, Florida, is asking the community for help with the Nemours Children's Virtual Toy Drive.

Every year, there are many children undergoing treatment who spend their holidays in the hospital. To ensure the safety of its patients, Nemours Children's Hospitals have maintained pandemic-level restrictions, which include restricting drop offs of in-person donations.

With its online [Virtual Toy Drive](#), Nemours Children's is asking the public to consider donating from home to help children in the hospital this holiday season. Why not consider

making an individual virtual donation, forming a fundraising team with friends and family, or purchasing items from Nemours Children's Hospital's patients [Amazon Wish List](#). Your generosity helps brighten spirits this holiday season.

## About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of more than 70 primary and specialty care practices. Nemours Children's seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also caring for the health of the whole child beyond medicine. Nemours Children's also powers the world's most-visited website for information on the health of children and teens, [Nemours KidsHealth.org](#).

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves. For more information, visit [Nemours.org](#).
